**SUPPLEMENTARY INFORMATION:** The Federal Land Policy and Management Act (FLPMA) directs the Secretary of the Interior to involve the public in planning and issues related to management of lands administered by the BLM. Section 309 of FLPMA (43 U.S.C. 1739) directs the Secretary to establish 10- to 15-member citizen-based advisory councils that are consistent with the Federal Advisory Committee Act (FACA). As required by FACA, Resource Advisory Council (RAC) membership must be balanced and representative of the various interests concerned with the management of the public lands. The rules governing RACs are found at 43 CFR 1784 and include the following three membership categories:

*Category One*—Holders of Federal grazing permits and representatives of organizations associated with energy and mineral development, timber industry, transportation or rights-of-way, developed outdoor recreation, off-highway vehicle use, and commercial recreation;

*Category Two*—Representatives of nationally or regionally recognized environmental organizations, archaeological and historic organizations, dispersed recreation activities, and wild horse and burro organizations; and

*Category Three*—Representatives of State, county, or local elected office, employees of a state agency responsible for management of natural resources, representatives of Indian tribes within or adjacent to the area for which the council is organized, representatives of academia who are employed in natural sciences, and the public-at-large.

Those who have already submitted a nomination in response to the first or second call for nominations (published in the **Federal Register** on February 3, 2015 and on May 21, 2015, respectively) do not need to resubmit. Individuals may nominate themselves or others. Nominees must be residents of the State of Idaho. The BLM will evaluate nominees based on their education, training, experience, and knowledge of

the geographical area of the RAC. Nominees should demonstrate a commitment to collaborative resource decision-making. Current Presidential policies prohibit individuals who are currently federally registered lobbyists from being appointed or re-appointed to FACA and non-FACA boards, committees, or councils.

The following must accompany all nominations for the RAC:

- Letters of reference from represented interests or organizations;
- A completed Resource Advisory Council application; and
- Any other information that addresses the nominee's qualifications.

Simultaneous with this notice, the BLM Idaho State Office will issue news releases providing additional information for submitting nominations, with specifics about the number and categories of member positions available for the RAC. If you have already submitted your RAC nomination materials for 2015, you will not need to resubmit.

#### Environmental Assessment for Commercial Wind Leasing and Site Assessment Activities on the Atlantic Outer Continental Shelf (OCS) Offshore South Carolina; MMAA104000

**AGENCY:** Bureau of Ocean Energy Management (BOEM), Interior.

**ACTION:** Notice of Intent to prepare an Environmental Assessment.

**SUMMARY:** BOEM is announcing its intent to prepare an Environmental Assessment (EA) for potential commercial wind leasing and site assessment activities on the Atlantic OCS offshore South Carolina. The EA will address environmental and socioeconomic effects related to the proposed action, issuance of commercial wind energy leases, and approval of site assessment activities on those leases. This notice serves to announce the beginning of the formal scoping process. The scope of the EA is the range of issues, alternatives, impacts, and mitigation measures to be considered. Scoping will help identify reasonable alternatives and focus the

analysis in the EA on potentially significant issues and eliminate from detailed consideration those issues that are insignificant, irrelevant, or that have not changed from previous analyses. BOEM will also use the scoping process to seek public comment and input under the National Historic Preservation Act (NHPA). Additional information on the proposed action may be found at <http://www.boem.gov/South-Carolina/>.

**DATES:** Comments should be submitted no later than January 25, 2016.

**FOR FURTHER INFORMATION CONTACT:** Michelle Morin, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, VAM-OREP, Sterling, Virginia 20166, (703) 787-1722, or [michelle.morin@boem.gov](mailto:michelle.morin@boem.gov).

#### SUPPLEMENTARY INFORMATION:

##### 1. Proposed Action

The proposed action that will be the subject of the EA is the issuance of wind energy leases within all or some of the Call Areas offshore South Carolina and the approval of site assessment activities (including the installation and operation of a meteorological tower and/or buoys) on those leases. BOEM will also consider the environmental impacts associated with the site characterization activities (including geophysical, geotechnical, archaeological, and biological surveys) that it anticipates lessees might eventually undertake to fulfill the information requirements for Site Assessment Plans and Construction and Operations Plans found at 30 CFR 585.610 and 585.626 respectively.

##### 2. Description of the Call Areas

A detailed description of the Call Areas can be found in the *Commercial Leasing for Wind Power on the Outer Continental Shelf Offshore South Carolina—Call for Information and Nominations* that is being published concurrently with this notice. A map of the Call Areas can be found at: <http://www.boem.gov/South-Carolina/>. BOEM identified the four Call Areas in consultation with other Federal agencies and the BOEM South Carolina Intergovernmental Renewable Energy Task Force.

##### 3. National Historic Preservation Act

BOEM will use the NEPA process to inform the Section 106 consultation process of the NHPA (54 U.S.C. 300101 *et seq.*), as provided for in 36 CFR 800.2(d)(3). BOEM is seeking public comment and input regarding the identification of historic properties or potential impacts to historic properties from the proposed action, as defined by the NHPA.

#### 4. Cooperating Agencies

BOEM invites other Federal, State, Tribal, and local governments to consider becoming cooperating agencies in the preparation of this EA. We invite qualified government entities to inquire about cooperating agency status. You may contact OREP (listed above).
